Credits
SGC 12

Event Location

Ullevaal University Hospital
Kirkevein 166, 0450 Oslo
Norway

Meeting point: Main entrance

Pre-Course ECTES OSLO

Interdisciplinary Course

Polytrauma Course in Cooperation with ESTES

April 22nd and April 23rd 2022

Ullevaal University Hospital, Kirkevein 166, 0450 Oslo

Follow PTC www.polytraumacourse.com

Welcome to Oslo

This Polytrauma Course (PTC) is an interdisciplinary course that aims to combine the knowledge of general surgeons, neurosurgeons, orthopedic trauma surgeons, intensivists, and emergency physicians. Moreover, this course covers the entire management of a polytraumatized patient (rescue, emergency room, ICU, ward, rehabilitation).

Polytrauma Course is a certified course led by an international group of experts. It includes lectures, case discussions, and practical exercises, depending on the modules selected the participant.

Some content can be downloaded on the App (both for iPhone and Android). The App provides a quick and compact overview of surgical knowledge helpful for the management of severely injured patients.

We hope that you enjoy the group teaching and discussions in one of our international courses.

Prof. Dr. med. Hans-Christoph Pape

Head of Trauma Department
University Hospital Zurich (USZ)
Switzerland

Program Day 1 (April, 22nd, 2022)

12:00-12:20	Registration

12:30-14:00	Session 1: General considerations and scoring
12:30-12:50	Initial diagnostic work-up (CT, X-Ray, FAST) - <i>Fattori</i>
12:50-13:10	Resuscitation strategies in polytrauma - <i>Pfeifer</i>
13:10-13:30	Classification and definition of polytrauma patients - <i>Balogh</i>
13:30-14:00	Case discussion / trauma bay - <i>All/Landaluce</i>
14:00-14:30	Coffee
14:30-16:00	Session 2: The Triade of Death (non-surgical resuscitation)
14:30-14:50	European guidelines on management of major bleeding - <i>Komadina</i>
14:50-15:10	ROTEM diagnostics and treatment algorithms - <i>Maegele</i>
15:10-15:30	Role of REBOA in acute treatment - <i>McGreevy</i>
15:30-16:00	Case discussion /Life threatening conditions - <i>All/Kalbas</i>

- End Day 1 -

Polytrauma Course App

Program Day 2 (April, 23rd, 2022)

08:00-09:30	Session 3: ICU Management
08:00-08:20	ICO Therapy: Has anything changed in strategies for ventilation, MOV, or sepsis - <i>Peralta</i>
08:20-08:40	COVID 19 and its impact - <i>Teuben</i>
08:40-09:00	Role anticoagulation in patients with brain injury - <i>Helseth</i>
09:00-09:30	Case discussion/ICT management – <i>All/Halvachizadeh</i>
09:30-10:00	Coffee
10:00-11:30	Session 4: Surgical priorities in multiple injured patients (surgical resuscitation)
10:00-10:15	Strategies and treatment of brain injuries – <i>Frenzel</i>
10:15-10:30	Strategies and treatment of thoracic injuries – <i>Majak</i>
10:30-10:45	Abdominal Injuries: Indications for surgery – <i>Simmen</i>
10:45-11:00	Indication for staged surgery - <i>Pape</i>
11:00-11:30	Case discussion – <i>All/Teuben</i>
11:30-13:00	Lunch
13:00-14:30	Session 5: Surgical care of major injuries
13:00-13:20	Vascular injuries - <i>Hietbrink</i>
13:20-13:40	Management of pelvic injuries - <i>Mariani</i>
13:40-14:00	Management of spinal injuries - <i>Pfeifer</i>
14:00-14:30	Case discussion – <i>All/Scherer</i>
14:30-15:00	Coffee
15:00-16:30	Session 6: Reconstruction / Regeneration / Rehabilitation
15:00-15:20	Post-traumatic reconstructions of complex foot injuries - <i>Korobushkin</i>
15:20-15:40	Management of severe bone defects - <i>Jukema</i>
15:40-16:00	Objective outcome after polytrauma - <i>Halvachizadeh</i>
16:00-16:30	Case discussion – <i>All/Kalbas</i>

- End of the Course -
